Detective Mike Siegler is a fourteen-year veteran of the Meriden Police Department. He is a life-long resident of Meriden and a second-generation Meriden Police Officer. Det. Siegler was diagnosed with cancer in 1987, had surgery and fought through many obstacles and a terminal diagnosis to be cancer-free. He was able to join the force in 1996. In 2009 cancer reappeared in Mike's spine and he was again able to fight his way back to work and his family.

Recently, cancer has reappeared in his spine. Due to the rare type of cancer, Mike has to travel to Boston weekly for treatments. Mike's medical bills are mounting and have become a huge financial burden.

Mike is a dedicated police officer, husband and father of two children. He has served the City of Meriden honorably for almost 15 years. Now it is our turn to help him. Please help Mike fight on and get back to his family, work and life. Thank you.
